Data Systems Analyst

Description

A SECURITY CLEARANCE OF SECRET OR HIGHER IS REQUIRED

Background:

Seeking Data System Analysts with the skill and experience to provide accounting, auditing, and financial management support to USAFMCOM to further the Army's progress towards Audit Readiness and sustainment.

Minimum Education/Qualifications:

- Bachelor's degree in accounting.
- At least 5 years of experience with writing SQL statements and performing data analysis on financial management and accounting data.
- At least one year of experience with the Army's business transformation and Enterprise Resource Planning (ERP) solutions.
- At least two years of experience and expertise in providing assessments and improvements of financial statement auditability plans.
- At least two years of experience with GAAP, GAGAS, internal control over financial reporting (ICOFR), DOD financial management policies and procedures and DOD and Army organizational structures.
- At least two years of experience with pertinent Treasury policies and guidance specifically those relating to the USSGL (United States Standard General Ledger).
- At least two years of experience in interpreting and applying guidance issued by the Federal Accounting Standards Advisory Board (FASAB).
- At least two years of experience with pertinent Office of Management and Budget (OMB) policies and federal financial management systems requirements.
- At least two years of experience with DOD policies, systems, and procedures for personnel, acquisition, inventory, property and material management.
- At least two years of experience in performing financial statement audits and audit readiness services within the Department, the federal government, or Fortune 500 companies.
- At least two years of experience with basic navigation and research techniques in an SAP-based system.

Functional Responsibility:

- Will support the following specific tasks: Journal Voucher Audit Support, Audit Reconciliation Support, and General Accounting and Operational Guidance Support.
